

Window Boxes — Safe Tractor Use

There are tractor-related, 4-letter words hidden amongst the letters in Column 1. Each word shows the letters in the correct order but other letters have been added. Find the hidden word then draw a line to match the word to the blank boxes in the second column. There is only one correct solution for each puzzle.

Targeted audience: Middle school students

Supplemental Activity

Each of the words listed in the boxes are related to using a tractor. After participants identify the words, conduct a group activity by having each child use the words correctly in a sentence to show he or she knows the meaning of the words. *Example:* See who can form a complete sentence using the most words from the puzzle. (Slip-resistant shoes should be worn to prevent falls. ROPS and seatbelts can prevent injuries.)
