

2008 Chapter Grant Grant Application

Farm Safety 4 Just Kids is pleased to announce that Monsanto has once again provided funding to award every chapter with a \$100 Chapter Grant. Grant money will be given in the form of reimbursement for expenses including exhibit booth costs, mileage to/from the event, and resources for a program that your chapter conducts. These programs can be anything from a puppet show at an elementary school, a booth at a county fair, or a farm safety day camp.

Every chapter is eligible; you just need to fill out an application explaining what your event is and when it will take place. All programs have to be conducted by December 31, 2008. While there is no penalty otherwise; FS4JK requests that applications be sent at least one week prior to event.

Deadline: Events must be held by December 31, 2008.

Chapter: _____

Contact: _____ Phone Number: () _____

Email: _____

Event: _____ Date: _____

Brief Event Description:

How will the grant money be used?

What are the goals of the event? How will you publicize or promote your event?

Reimbursement:

To receive reimbursement, you must submit a Chapter Event Record, Group Photo, and any newspaper clippings of the event. You will also be asked to provide us with information prior to the event so we can send you a press release to give to the local media. Monsanto will try to have a local Monsanto employee attend all funded events.

Following the event, please send in travel and resource receipts along with the Event Record. A check will be issued to the Chapter in the amount of expenses, not to exceed \$100. To simplify accounting, all approved grants will be paid by check. *(If you purchase FS4JK resources with the grant, a bill will be sent with the order and should be paid from the chapter account.)*

**Please return to:
Chapter Director, FS4JK, 11304 Aurora Ave., Urbandale, IA 50322
