

Spanish Safety and Health Resource It's Coming!

Migrant Clinicians Network and Farm Safety 4 Just Kids have teamed up to produce a Spanish-language educational comic book targeting migrant and seasonal farmworker families to educate parents about children's risks to pesticide exposure and ways to minimize these risks. Project funding is through the National Children's Center for Rural and Agricultural Health and Safety in Marshfield, WI. Your organization has been identified as one that could use this resource. We need input from you before printing. During this pilot project the resource and shipping will be free. Acceptance/usefulness will determine future resource availability and possible cost.

How many copies of the 12 page full color book *could* you use? _____

(We may not be able to honor the number requested.)

How will the books be distributed? _____

(clinics, programs, newsletter, ag representatives/businesses, etc.)

Please list contact person, organization, and shipping address

Phone _____ E-mail _____

To ensure your free resources return to Farm Safety 4 Just Kids by September 6.
